PCIT International, Inc. will comply with all legal and ethical responsibilities of the Continuing Education Task Force Chair in consultation with the members of the Continuing Education Task Force and the PCIT International Board of Directors.

While PCIT International, Inc. goes to great lengths to assure fair treatment for all participants and attempts to anticipate problems, there will be occasional issues which come to the attention of the continuing education task force which require intervention and/or action on the part of the continuing education task force or an officer of PCIT International. This procedural description services as a guideline for handling such grievances.

When a participant, either orally or in written format, files a grievance and expects action on the complaint, the following actions will be taken.

If the grievance concerns a workshop offering, its content, level of presentation, or the setting in which the workshop was offered, the Continuing Education Task Force Chair will mediate and will be the final arbitrator. If the participant requests action, the convention chair will:

a) attempt to move the participant to another workshop or

b) provide a credit for a subsequent year's workshop or
c) provide a partial or full refund of the workshop fee.

3. If the grievance concerns the PCIT International Continuing Education Task Force program, in specific regard, the PCIT International President or Advisory Board Chair will attempt to arbitrate.
