

Parent-Child Interaction Therapy (PCIT) Training

Basic 40-Hour Course in NYC

Part I: August 21-23 | 8:30 am - 4:30 pm

Part II: October 24-25 | 8:30 am - 4:30 pm

- 3 days of PCIT overview with emphasis on CDI and coaching followed by 2 days of PDI emphasis
- Didactic presentation on the theory and techniques of PCIT
- Modeling and role plays of parent and therapist skills
- Small group format with direct feedback from trainer
- Opportunity to continue with weekly case consultation for 1 year
- Current PCIT Protocol (Eyberg & Funderburk, 2011)
- Training will be conducted by Alexandra Barnett, PhD (Level II Trainer Candidate) under the supervision of Steven Kurtz, PhD (Master Trainer)

Requirements

Trainees must practice in the NYC metro region and either:

- Hold a master's degree or higher degree in a mental health field with an independent license; or work under the supervision of a licensed mental health service provider
- Be a psychology doctoral student who has completed the third year of training and is conducting clinical work under the supervision of a licensed mental health service provider
